Emergency Medical Information

As indicated in Licensing Regulations, *current emergency medical information shall be readily available to employees or contractors wherever program services are provided*. To access this information, the Emergency Medical Information (EmergencyMedicalInfo) service should be completed in Credible. This service is available to all program areas. When completing the service, the following information will inject:

- contact information (authorized representative, if indicated in Contacts tab)
- physician's information
- known allergies
- known substance abuse (primary, secondary and tertiary)
- known medications
- known medical problems
- advance directive information

Staff will need to print the insurance information from the Insurance tab on the Nav Bar.

The Emergency Medical Information service should be completed, along with the print out of the insurance information, and available to staff when services are being provided outside of a Mount Rogers facility and/or in the case of a licensing review.
